Good Morning Tom,

I have updated the waste bits profile and approved the phase 3 soils for disposal. We can continue to coordinate on the phase 1 soils as you get that information. Your approval number is in the profile and this is the number you will put on your manifests sent with the trucks to the landfill. Please let me know if you have any questions!

Thanks
Sarah

Are these reports uploaded in waste bits?

Sarah,

Attached are the summary sheets for the Phase 3 data and includes one sample from Phase 1 that we can discuss later. We primarily need the approval for the Phase 3 sludge and soils. Please let me know if you have any questions.

Thanks TJK
